DEALING WITH HOUSEHOLD WITCHCRAFT

Witchcraft doesn't only mean the use of divination or practicing sorcery but also includes when you have a domineering wife, husband, father, mother etc. When someone wants to have control over your life, what you eat, the cloth you wear, the friends you keep etc. That's WITCHCRAFT. But the height of it is when that person has graduated to practicing sorcery and divination, or you belong to their kingdom. The spirit behind household wickedness is household witchcrafts. They are the one that are responsible for the substitution of virtues ie exchanging your gifts/talent or making you useless and worthless.

They give the servant the horse and make the owner of the virtue to trek in life. They are responsible for the forces of resistance that keep pushing a person away from where he should prosper ie a place where you are to be blessed or meet your destiny helper you begin to experience hatred and sadness. They are also responsible for evil transfer of one person's virtue to another. They are equally responsible for the blockages and hindrance to people's progress. They work as

monitoring agents in the family and further eliminate people at their prime.
